

Huletts Landing Volunteer Fire Company
P.O. Box 59
Huletts Landing, NY
12841

Dear Friends of the Huletts Fire Company,

THANK YOU!

THANK YOU!

THANK YOU!

Our thanks to all of you who contributed to our firehouse building fund during the past three years. The firehouse is now completed and the building fund campaign is over. On August 17 we dedicated the new building with a well-attended celebration headlined by the appearance of State Senator Betty Little and many local leaders. The climax of the program was the presentation of a special award to fire company president, Art Borin, for his leadership in getting the new building built. The following Wednesday we hosted a celebratory free ice cream social for nearly 150 of the "kids" of the Huletts community.

Perhaps you have noticed that during the building fund campaign we have refrained from our usual annual solicitation of funds for our regular operating expenses and have existed on our savings. Now, however, with these savings somewhat depleted, we need your support to cover the costs of utilities, insurance and maintenance of our trucks and equipment. We do not have annual dues and depend instead on your individual generosity to provide fire and emergency protection to the Huletts Landing community.

We need not only your financial support but also your participation. If you are able, we would welcome you as physical members of the company.

We look forward to receiving your thoughtful contribution.

Art Borin, Pres.
John Sunkenberg, Chief
William Borden, Asst. Chief
Bob Quick, Vice Pres.
Jack Benson, Treas.
Arnie Galbraith, Secy.
